**DETAILED ACTION**

***Election/Restrictions***

Applicant's election of group I in the reply filed on 10/1/08 is acknowledged.

Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 22-25, are rejected under 35 U.S.C. 102(b) as being anticipated by JP9-505464.

The reference discloses a compound comprising an EL-dye comprising a condensed poly-ring including an azole. Said compound can be used for polymerase incorporation.

Claims 26, 33-36 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 27-43 are allowed.
